WALMER ENERGY

Lithium power station factory in Cambodia

Overview

What is Cambodia's photovoltaic factory?

Since its establishment, the Cambodia factory has focused on the current uneven local development of electricity, customizing small off-grid household photovoltaic systems for rural areas that lack electricity, providing electricity support and promoting the development of green power.

What will Chint do for Cambodia?

CHINT Electric's director and executive president and CHINT Global's president, Lily Zhang, said, "We will fully support development of the Cambodian factory, and empower the Southeast Asian power industry by focusing on four major areas: manufacturing and assembly, core components, supply chains and digital management.".

When will schneitex X Chint open its Cambodia joint venture factory?

SHANGHAI, March 7, 2022 /PRNewswire/ -- SchneiTex x CHINT officially opened their Cambodia joint venture factory on February 28th local time. The factory will accomplish the localization of CHINT products, from manufacturing to delivery.
