

# **Amman State Power Investment Smart City 5G Base Station**

## Overview

---

Why is Amman launching a smart city project?

From the get-go, GAM made it clear that they view the Smart Cities project as a platform to afford Amman's residents and visitors alike with better access to transportation systems, which is a vital element of economic development in any city.

What is Amman's smart city program?

When complete, GAM's Smart City program will help Amman achieve a sustainable infrastructure network and improve accessibility for local underserved populations. "Across the globe, the U.S. Trade and Development Agency (USDТА) is working with forward-looking municipalities such as Amman to plan their Smart City needs.

What is the Smart Amman project?

The Smart Amman project is a strong reflection of our work and priorities to make the world's cities greener and more efficient.

How will Amman's integrated data platform help the city?

Congestion in Amman, Jordan. Congestion in Amman, Jordan. CDM Smith's digital solutions experts are helping the city develop an integrated data platform that will allow GAM to manage its programs and services. Better still, the platform will enable Amman to support smart planning and decision-making.
