

Asunsen Smart Photovoltaic Energy Storage Container 30kWh

Overview

Why do you need a solar container unit?

Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere. With our pre-configured solar container unit, you can get going quickly, and the folding solar panels for containers can be deployed in less than three hours.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

What is PV+ storage?

In addition, the PV+ storage model brings more flexibility and facilitates the emergence of innovative business cases in the photovoltaic storage sector. The combination of different devices and virtual power plants (VPP) is bringing more value creation to the domestic energy storage market.
