# Base station communication detection

## Overview

What is a base station monitoring system based on?

Research on Wireless Communication Base Station Monitoring System Based on Artificial Intelligence and Network Security 2.1 Research on Key Technologies of Wireless Communication The communication of network is the fundamental of wireless communication .

Why do we need a wireless communication base station monitoring system?

In view of the improvement and challenges of wireless communication technology, it is necessary to establish an efficient and stable wireless communication base station monitoring system to solve the serious drawbacks of "monitoring without control and low reliability" in the traditional staffed computer room for monitoring.

Can a fake base station avoid detection?

Similar to many other detection-based schemes, there can be a fake base station that can avoid detection, i.e., it is not detected as a faulty base station, but that would result in the attacker reducing its availability threat impact and releasing the connectivity setup.

How do I test the connection to the base station equipment?

Test method for connecting to the base station equipment: enter the IP address and port information of the base station to be tested, and click the "Connect" button to test whether the connection is successful.

Real-Time Rogue Base Stations Detection System in Cellular ...
Apr 10, 2024 · Recently, rogue base station (RBS) attack is growing common. A RBS attack occurs when an attacker uses a fake base station (FBS) to mimic a legitimate base station, ...

Detecting Fake Base Stations with AI: AI-EDGE Researchers ...
4 days ago · Fake base stations pose a serious and growing threat to mobile users worldwide by impersonating legitimate cellular towers to steal private information. To counter this, the ...

Fake Base Station Detection and Link Routing ...
Sep 1, 2024 · Fake base stations comprise a critical security issue in mobile networking. A fake base station exploits vulnerabilities in the broadcast ...

Integrated Sensing and Communication Enabled Multiple Base Stations
Oct 6, 2023 · Driven by the intelligent applications of sixthgeneration (6G) mobile communication systems such as smart city and autonomous driving, which connect the physical and cyber ...

Fake Base Station Detection and Link Routing Defense
Sep 1, 2024 · Fake base stations comprise a critical security issue in mobile networking. A fake base station exploits vulnerabilities in the broadcast message announcing a base station's ...

A Study on the Implementation of a Network Function ...
Mar 30, 2024 · Abstract The threat posed by false base stations remains pertinent across the 4G, 5G, and forthcoming 6G generations of mobile communication. In response, this paper ...

Integrated Sensing and Communication Enabled Multiple Base Stations
Jun 13, 2024 · Integrated sensing and communication (ISAC) exhibits notable potential for sensing the unmanned aerial vehicles (UAVs), facilitating real-time monitoring of UAVs for ...

NLoS Localization with Single Base Station Based on Radio ...
2 days ago · Accurate outdoor localization in Non-Line-of-Sight (NLoS) environments remains a critical challenge for wireless communication and sensing systems. Existing methods, ...

5G Native Network Function for False Base Station Detection ...
Jun 5, 2025 · The Fifth-Generation (5G) technology is increasingly recognized as a key enabler for V2X applications, although large-scale commercial deployments remain in the early stages. ...

The First Experimental Validation of a ...
Mar 22, 2025 · The Communication Base Station (CBS) can be used as a Ground-Based Synthetic Aperture Radar (GB-SAR). By using Synthetic ...

The First Experimental Validation of a Communication Base Station ...
     Mar 22, 2025 · The Communication Base Station (CBS) can be used as a Ground-Based Synthetic Aperture Radar (GB-SAR). By using Synthetic Aperture Radar (SAR) images ...

Design of Wireless Communication Base Station Monitoring ...
     Jan 1, 2023 · In the experiment, using the supervised machine learning algorithm, the program of the wireless communication base station monitoring system is designed by setting the working ...
