

# Battery outdoor power inverter

## Overview

---

What is an inverter battery?

The inverter battery and inverter cables are usually connected to the power connection of the home. An inverter battery for home can be any rechargeable or secondary or storage battery (electrochemical power source) like a lead-acid battery, nickel-cadmium battery or Li-ion battery.

What is a power inverter?

A power inverter is an electrical gadget that converts AC power to DC power. AC power is the energy that is supplied to your home by the conventional power grid, and it's used to power all your household electronics.

What kind of batteries do home inverters use?

Home inverters generally use maintenance free batteries which are sealed lead acid batteries which do not require regular maintenance or additional ventilation. Tubular Batteries are becoming more popular for Home UPS systems and have several advantages compared to flat plate batteries.

Where can I buy Inverter Batteries?

You can buy the inverter batteries mentioned in this article by clicking on the Amazon link given in this article. Make sure to cross-check the specifications before making a purchase to be an informed buyer.
