

Belgian power station generator BESS

Overview

Is ENGIE generating a Bess project in Belgium?

ENGIE is also generating two other BESS projects in Belgium which already have credentials in place, a 100-MW/400-MWh scheme in Kallo and an 80-MW/320-MWh battery in Drogenbos. The firm targets 10 GW of battery capacity globally by 2030. At the end of 2023, it contained 1.3 GW of battery capacity in function and 3.6 GW secured under development.

What is ENGIE's Vilvoorde Bess project?

ENGIE has started building one of Europe's largest Battery Energy Storage Systems (BESS) at its Vilvoorde place in Belgium. The project, authorised in July 2023 and selected for power remuneration in October 2023, has an inaugurated capacity of 200 MW on a 3.5-hectare site. What are the specifications of ENGIE's Vilvoorde BESS project?

.

How much electricity does Bess Vilvoorde use?

Equivalent to 160,000 5 kWh domestic batteries, it will cover the electricity consumption of 96,000 households. The battery park has a 15-year contract with Elia, the national grid operator. BESS Vilvoorde will be launched in two phases, with the commissioning of 100 MW of batteries in September 2025, and a further 100 MW in January 2026.

Why is ENGIE launching a Kallo facility in Belgium?

The Kallo facility represents the second large-scale energy storage initiative by ENGIE in Belgium, demonstrating the company's commitment to innovation in the energy transition.

Belgian power station generator BESS

ENGIE and NHOA Energy Collaborate for 320 MWh BESS

3 days ago · ENGIE awards NHOA Energy a 320 MWh battery storage system in Belgium to enhance grid stability and renewable integration.

NHOA Energy to Build 320 MWh BESS for ENGIE in Belgium

3 days ago · NHOA Energy has been awarded by ENGIE a contract for the supply, commissioning and long-term service of an 80 MW/320 MWh battery energy storage system ...

ENGIE, NHOA Greenlight 320 MWh Battery Storage (BESS) ...

3 days ago · ENGIE and NHOA have confirmed a partnership to build a 320 MWh battery energy storage system (BESS) at Drogenbos, Brussels. This project is ENGIE's third battery storage ...

ENGIE And Nhoa Energy Expend Their Partnership in Belgium ...

3 days ago · NHOA Energy, global provider of utility-scale energy storage systems, has been awarded by ENGIE the contracts for the Supply, Commissioning and the Long-Term Service ...

ENGIE

Jul 5, 2024 · BESS Vilvoorde will be launched in two phases, with the commissioning of 100 MW of batteries in September 2025, and a further 100 MW in January 2026. ENGIE is also ...

ENGIE starts construction of one of Europe's largest battery ...

On July 5, ENGIE began construction of one of Europe's largest Battery Energy Storage Systems (BESS) at its Vilvoorde site in Belgium. This milestone follows the project's construction permit ...

ENGIE launches Europe's largest battery ...

Jul 8, 2024 · ENGIE has started building one of Europe's largest Battery Energy Storage Systems (BESS) at its Vilvoorde place in Belgium. The ...

Engie's 400 MWh Belgian battery taking shape

May 15, 2025 · French state-backed utility Engie has broken ground on the second of the battery energy storage systems (BESS) awarded it by Belgian grid operator Elia under a national plan ...

NHOA Energy, ENGIE to develop BESS facility in Belgium

2 days ago · NHOA Energy and ENGIE have announced plans to develop a new 80 MW/320 MWh battery energy storage system (BESS) at ENGIE's Drogenbos power station near ...

ENGIE launches Europe's largest battery energy storage system in Belgium

Jul 8, 2024 · ENGIE has started building one of Europe's largest Battery Energy Storage

Systems (BESS) at its Vilvoorde place in Belgium. The project, authorised in July 2023 and selected for ...

ENGIE & NHOA Start 400 MWh Battery Project in Belgium

ENGIE and NHOA Energy Break Ground on Landmark 400 MWh Battery Storage Project in Belgium In a significant stride toward a cleaner and more flexible energy future, global energy ...

Engie's 400 MWh Belgian battery taking ...

May 15, 2025 · French state-backed utility Engie has broken ground on the second of the battery energy storage systems (BESS) awarded it by ...
