

# China distribution switchgear in Laos

## Overview

---

When will China-Laos 500 kV interconnection project be completed?

A groundbreaking ceremony for the China-Laos 500 kV interconnection project was held in the Lao capital of Vientiane on Feb. 26, 2025. The project is scheduled for completion and operation in 2026.

Will new 500 kV and 230kV transmission lines help Laos?

VIENTIANE, April 22 (Xinhua) — The new 500 kV and 230 kV transmission lines to be installed in Laos' capital Vientiane, a joint project between Lao and Chinese companies, will ensure more Lao people to have sufficient power, officials here have said.

Who is developing the Laos & China project?

The Laos and China sections of the project are being developed by Electricité du Laos Transmission Company (EDL-T) and CSG, respectively.

How many kV power lines are in Xishuangbanna & Namor?

The project includes constructing a new 500 kV substation in Laos, a 183.5-kilometer cross-border transmission line linking Namor in Oudomxay, Laos with Xishuangbanna in Yunnan, China, and two 230 kV lines connecting the northern Laos power grid.
