

# China high voltage switchgear in Sydney

## Overview

---

Who are the leading switchgear manufacturers in Australia?

Major players in the market include ABB Ltd, Schneider Electric SE, and Tamco Switchgear Malaysia SDN BHD. In November 2023, Ausgrid, at Westfield Miranda in Sydney, made a significant stride by installing Australia's inaugural Siemens blue gas insulated (GIS) medium voltage switchgear.

What is a high-voltage switchgear?

Our high-voltage switchgears, transformers and power stabilisation devices are core products in commercial and private utilities systems alike, and our control systems are installed to ensure stable operation that is both environment-conscious and highly efficient.

Where are our switchgears made?

Our growing capability encompasses an extensive range of switchgear for substations, overhead distribution and underground cables. Our core range is locally manufactured at one of our three Australian facilities. This range is augmented by our single-source partner Sieyuan Electric in China to provide additional voltages and technical solutions.

Who sponsors Australian power equipment?

Australian Power Equipment proudly sponsors & partners with organisations such as Aussie Ark . see more of our sponsorships here. ©2020 by Australian Power Equipment. Australian Power Equipment provide supply low, medium and high voltage equipment to clients across the Power Generation, Infrastructure and Resources industry.
