

# Compact power station factory in Turkey

## Overview

---

Why is Türkiye strengthening its power transformer manufacturing operations?

As part of this global strategy, the company is strengthening its power transformer manufacturing operations in Türkiye to meet the growing demand for sustainable, high-quality energy infrastructure across Türkiye, Europe, and Asia.

Why is a new energy plant being built in Türkiye?

The move is part of the company's broader effort to meet accelerating demand for reliable, sustainable energy infrastructure across Türkiye, Europe, and Asia, the company stated on Thursday. The company plans to build a new state-of-the-art manufacturing plant in Dilovasi, located in northwestern Türkiye.

Will Hitachi energy expand its transformer facility in Turkey?

The funds will be used to expand the transformer facility by 45,000 sq m in the Dilovası district of the northwestern province of Turkey, where production capacity is expected to increase by 70 percent. The expansion will increase the company's workforce by 30 percent. Hitachi Energy currently employs more than 1,100 people in Turkey.

Why is Hitachi expanding its operations in Turkey?

Swiss technology company Hitachi Energy is expanding its operations in Turkey to meet the rising demand for electricity across Europe and Asia. The company, based in Zurich and a subsidiary of Japanese conglomerate Hitachi Ltd, will invest \$70 million to scale up its transformer manufacturing business.
