

Energy storage container production line manufacturing plant

Overview

How many Megapack units are produced at Tesla's Lin-gang plant?

Up to 10,000 Megapack units are scheduled to be produced here annually. As Tesla's first energy storage gigafactory outside the United States, the new Lin-gang plant only took nine months from groundbreaking, which took place in May 2024, to official operation.

What is Tesla's Shanghai megafactory for energy storage?

The Shanghai Megafactory for energy storage is Tesla's first such facility outside the United States. Construction commenced in the Lin-gang Special Area on May 23 last year, and the factory achieved the milestone of producing its first product just nine months after acquiring the land.

Why is Tesla building a new energy storage facility?

This facility is expected to greatly enhance Tesla's ability to meet the burgeoning demand for large-scale energy storage solutions, particularly in Asia, where energy needs are rapidly escalating.

Why is Tesla planning a 40 gigawatt-hour power plant in Shanghai?

The planned annual capacity of 40 gigawatt-hours underscores Tesla's ambition to capture a significant share of the energy market while potentially creating numerous jobs in Shanghai and its vicinity. This move also intensifies competition within China's energy storage sector, potentially spurring further technological innovation.

Energy storage container production line manufacturing plant

Tesla's Shanghai energy storage Megafactory begins trial production

Jan 1, 2025 · The new plant is dedicated to manufacturing Megapacks, Tesla's energy-storage batteries, with mass production expected to commence fully in the first quarter of 2025, Tesla ...

China Focus: Tesla's Shanghai energy storage ...

Jan 1, 2025 · SHANGHAI, Dec. 31 (Xinhua) -- U.S. carmaker Tesla's Shanghai energy storage Megafactory has begun trial production, serving ...

Tesla's Shanghai Plant Ships 1,000 Megapacks in Six Months

Jul 29, 2025 · Tesla's Shanghai Megafactory has produced its 1,000th Megapack energy storage system in under six months of production. The unit, the largest commercial battery system in ...

Tesla's Shanghai Super Factory Launches ...

Feb 13, 2025 · The Megapack looks like a white container and weighs over 38 tons. Tesla recently captured global attention with its energy storage ...
