

# Energy storage power station manufacturer in Gothenburg Sweden

## Overview

---

How is Gothenburg shaping the new battery industry?

In Gothenburg we are shaping the new battery industry. In the coming years Gothenburg and West Sweden will have in place two battery gigafactories, with major investments being made by public and private actors, including Volvo Cars and the Volvo Group. The region is set to become an important hub for both battery development and production.

What is the Swedish electromobility centre?

Together with industry partners it carries out leading research on, for example, battery materials, energy storage and battery manufacturing. It also hosts the Swedish Electromobility Centre, a national centre of excellence for hybrid and electric vehicle and charging technology.

What is the Gothenburg Battery Centre?

In addition to this, the Gothenburg Battery Centre has been established at Lindholmen in Gothenburg, funded by the City of Gothenburg and the Västra Götaland region. The centre offers unique training environments where production employees can be trained in various stages of battery production.

Where is Gothenburg's first battery Gigafactory?

and Gothenburg's first battery gigafactory. NOVO Energy, the joint venture between Northvolt and Volvo Cars, celebrated the start of construction for its highly anticipated battery factory in Torslanda, Gothenburg.
