

Farm folding container 120 feet for sale

Overview

What is a shipping container vertical farm?

The shipping container vertical farm actually is a small greenhouse with a complete hydroponic system, but more strong and which can cope with many complex climates and environments. That is one of the solutions by people to deal with land desertification, lack of water resources, or lack of land.

What is a container farm system?

It is most suitable for growing various hydroponic fodders, such as Barley Grass, Wheat Seedling, Maize, Alfalfa, Sprouts, and so on. The final container farm system you received is fully assembled, it only needs to be connected to water and electricity to work after placing in the designated location.

What is a folding shipping container?

The Folding Shipping Container is an essential part of our Prefabricated Building offerings. Materials commonly used in prefabricated building construction include steel, concrete, wood, and glass. Each material offers unique advantages in terms of strength, durability, and design flexibility.
