

# **Foldable Container High Temperature Resistance Service Quality**

## Overview

---

What is a Feurer insulated container?

FEURER insulated containers offer the ideal solution for the transportation and storage of temperature-sensitive products. Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination.

Why should you choose a folding container?

Contact us! Folding containers can give up to an 80% saving in volume and are available in standard footprints and heights. Lid and closure options are also available.

Why should you choose a thermocontainer?

Made of resistant EPS and robustly constructed, the thermo container offers high stability and is particularly suitable for the storage and transportation of medical products or perishable goods. Thanks to the flexible sizes and individual adaptations, the Thermocontainer can be tailored to specific requirements.

Why should you choose insulated containers?

Whether food, medical products or sensitive goods - our insulated containers ensure reliable temperature maintenance to keep your products fresh and safe at their destination. With high-quality materials and sophisticated design, we combine excellent protection with easy handling and sustainable reusability
