

# **Free consultation on high-pressure type folding containers**

## Overview

---

What are akypak® foldable large containers for non-palletisable loads?

AkyPak® foldable large containers for non-palletisable loads will streamline your logistics operations. Also known as FLCs, Pallet Boxes or Sleeve Packs, these long-lasting and environmentally friendly containers consist of a pallet base, a foldable sleeve, and a lid.

Why should you choose a folding container?

Contact us! Folding containers can give up to an 80% saving in volume and are available in standard footprints and heights. Lid and closure options are also available.

Why do you need a lid for a foldable container?

Our foldable boxes come with a range of customizable features, offering flexibility for various industries and optimizing your logistics operations. Lids for foldable containers provide essential protection for contents, keeping items safe from dust, moisture, and contaminants during storage and transportation.

What is a container used for?

Traditionally used to transport high-value critical pieces and components from parts manufacturers to product assembly plants, these durable, lightweight, and versatile containers are being utilized in an increasing number of industries.
