

# Hanoi Energy Storage Lead-acid Battery Factory

## Overview

---

Is Vietnam a good place to manufacture lithium-ion batteries?

Vietnam has emerged as a vibrant hub for battery manufacturing, particularly in the realm of lithium-ion batteries. With a focus on sustainable energy solutions and a favorable business environment, the country has attracted numerous manufacturers, establishing itself as a key player in the global battery market.

Who is the leading battery manufacturer in Vietnam?

Pinaco is another prominent player in the Vietnam battery market, with an established footprint and a particular focus on lead-acid batteries. The company produces a diverse range of batteries and has maintained strong distribution networks, enabling it to reach a wide customer base across various industries.

Where are batteries made in Vietnam?

Ho Chi Minh City, the economic powerhouse of Vietnam, hosts numerous battery manufacturers, leveraging its strategic location for logistics and access to a skilled workforce. Hanoi, the capital city, is also a significant hub for battery production, benefiting from its central location and robust infrastructure.

What is the Vietnam battery market report?

The Vietnam Battery Market Report is Segmented by Battery Technology (Lead-Acid Battery, Lithium-Ion Battery, and Other Battery Types) and Application (Automotive, Data Centers, Telecommunication, Energy Storage, and Other Applications). The Report Offers the Market Sizes and Forecasts for all the Above Segments in Revenue (USD).
