

# Honduras solar off-grid power generation system

## Overview

---

Does Honduras have a power grid?

Honduras's power grid is extensively developed in all departments except the easternmost department, Gracias a Dios. Honduras has granted distribution concessions to 7 utilities nationwide, with the state-owned Empresa Nacional de Energía Eléctrica (ENEE) managing nearly 99% of the electricity grid. electricity. lowest electricity access rates.

What does the Secretariat of energy do in Honduras?

The Secretariat of Energy (SEN) is the primary government body responsible for overseeing the energy sector in Honduras, including mini-grid development. It sets national energy policies, plans rural electrification strategies, and coordinates with stakeholders to implement mini-grid projects.

How did Honduras respond to the energy crisis?

In 1994, Honduras faced a severe energy crisis, which the government responded to by passing the Framework Law of the Electricity Subsector, permitting the private sector to participate in electricity generation. In 2013, Decree 138 was passed to promote investment in solar PV plants by providing preferential pricing.

How much money does Honduras need to build a solar PV plant?

Most recently, Honduras has acquired a loan for US \$29.4 million to build a 51.1 MWp solar PV plant. Secretariat of Energy (SEN) is the primary government body responsible for overseeing the energy sector in Honduras.

## Honduras solar off-grid power generation system

---

Off Grid - Power Fusion Systems - Honduras

Sep 17, 2025 · Our Nano Power Fusion System (NPF5) and Nano Max Power Fusion System (NMPF5), allows you to select a battery bank of 5, 10, 15 or 26 kWh delivering clean energy to ...
