

How to make a good-looking base station with battery cabinet

Overview

How to make a charging station in a kitchen?

Use a usual kitchen drawer to make a hidden charging station there. This small and comfy drawer is used to store and charge gadgets. If you like to sit on a bench and read something or scroll the feed, you can make a charging station right there. Using a desk drawer for charging is always a good idea as everything you need will be at hand.

How do you organize a charging station?

Below are some of the best ideas for creating easy, organized charging stations. 1. Wall Mounted Charging Station I love wall-mounted organizers because they save so much space. If you are the same way, you will love this DIY charging station idea, which allows you to charge multiple devices at the same time.

How do you make a charging station a good space?

Make an open charging station in your closet or even entryway and light it up. (via [edwardgeorgelondon](#)). Want a sleek and decluttered space?

Then hidden charging is your choice. A charging drawer is the most popular idea here but you will have to make sockets inside, and they should work.

Can you hide a charging station in a kitchen drawer?

Your kitchen drawers can become charging stations, and you can hide cables there, too. This sleek drawer is a lovely idea for charging, it can hold several devices. Make a simple tabletop charging station of a stained box that will fit most interiors. This charging station is hidden in the side of a cabinet, and it's a very cool idea.
