

Is there a solar glass factory in Marseille

Overview

Could a 5 GW PV cell factory help France reindustrialize?

French industrial company Carbon plans the construction of a 5 GW PV cell and module factory in Southern France. Carbon's integrated gigafactory project for photovoltaic cells and modules in Fos-sur-Mer, in the Provence-Alpes-Côte d'Azur region, aims to contribute to France's ambition for reindustrialization.

Where is the Gigafactory for photovoltaic products located?

The gigafactory for photovoltaic products shall be built on approximately 60 hectares of industrial facilities at the Grand Port Maritime de Marseille (GPMM), in the heart of the industrial port zone of Fos-sur-Mer, in the Provence-Alpes-Côte d'Azur region, within the territory of the Aix-Marseille-Provence Metropolis.

Should France and Europe reposition themselves in the photovoltaic value chain?

France and Europe must quickly reposition themselves in the photovoltaic value chain to avoid shifting from one dependence to another. This is a concrete illustration of our desire for reconquest", Agnès Pannier-Runacher, French Minister of Energy Transition said.
