

Kenya Mombasa Energy Storage Project

Overview

Who is the implementing agency for the Kenyan battery energy storage system?

The Kenya Electricity Generating Company PLC (KenGen), has been designated to be the Implementing Agency for the Kenyan Battery Energy Storage System (BESS), which is part of the Kenya Green and Resilient Expansion of Energy (GREEN) program, funded by the World Bank.

Will Mombasa be the largest liquefied petroleum gas facility in East Africa?

This partnership aims to establish a vast liquefied petroleum gas (LPG) storage and handling facility in Mombasa, positioning it to be the largest of its kind in East Africa. The joint venture is expected to materialize with the cooperation of the state-owned Kenya Pipeline Co., which will pair up with Asharami Synergy Plc.

How big will Kenya's LPG storage facility be?

According to insiders familiar with the ongoing discussions, the planned facility will boast a substantial capacity of 30,000 tons. This development is poised to fortify Kenya's LPG storage infrastructure significantly.

How is Kenya transforming its energy sector?

Kenya's energy sector is on the verge of undergoing a substantial transformation, with LNG import terminal, cross-border transmission system for NG supply, and new power plant.
