

# Lithuania Energy Storage Industry Project

## Overview

---

How has Lithuania developed its IT industry & infrastructure?

In the past 10 years, Lithuania has developed its IT industry and infrastructure. Projects like e-Lithuania, e-residency, and VR Lithuania, among others, transformed the country into a fully digitalized hub in the Baltic region.

What is E-Energija doing in Lithuania?

E-energija Group has commenced construction on Lithuania's largest battery energy storage system (BESS) project, the 120MWh Vilnius BESS. This facility, which is set to become Lithuania's first commercial battery storage site, will significantly increase the country's storage capacity by around 50%.

Why does Lithuania need reliable energy storage?

Uloza pointed to the growing demand for reliable energy storage as Lithuania's renewable energy sector expands.

What is Lithuania's first commercial battery storage facility?

Located near Vilnius, this project will be the country's first commercial battery storage facility and is expected to increase Lithuania's total storage capacity by approximately 50%. The system is scheduled to begin operations by the end of 2025.
