

# Malaysia rooftop solar panel project

## Overview

---

What is cream - Malaysia's first rooftop solar aggregation scheme?

Malaysia has taken a bold step forward in its renewable energy transition with the launch of the Community Renewable Energy Aggregation Mechanism (CREAM) — the nation's first rooftop solar aggregation scheme.

Can you rent a rooftop solar system in Malaysia?

The program allows homeowners to lease or rent their rooftop for solar generation, with the electricity produced sold to commercial and domestic customers within a 5 km radius. Malaysia's Ministry of Energy Transition and Water Transformation (PETRA) has launched the country's first aggregation initiative for rooftop solar systems.

What is Malaysia's first rooftop aggregation initiative?

Malaysia's first rooftop aggregation initiative for solar systems is now live. The program allows homeowners to lease or rent their rooftop for solar generation, with the electricity produced sold to commercial and domestic customers within a 5 km radius.

Will RSAs drive solar energy adoption in Malaysia?

The Energy Commission is optimistic that the scheme will attract significant interest, further driving solar energy adoption in Malaysia. By making more rooftop space available for solar installations, the RSAS has the potential to transform Malaysia's energy landscape and position the country as a leader in renewable energy.
