

# Marshall Islands Base Station Energy Management Contract

## Overview

---

What does the Marshalls Energy Company do?

“The Marshalls Energy Company is a semi-autonomous utility company responsible for the generation, distribution and sale of electricity on a number of islands and atolls within the Republic of the Marshall Islands.”.

How much does electricity cost in RMI?

29 atolls across 750,000 square miles of ocean. RMI’s residential utility rates are approximately \$0.35 per kilowatt-hour (kWh), more than twice the average U.S. residential rate of \$0.13 USD/kWh.<sup>1</sup> Like many island nations, RMI is highly dependent on imported fossil fuels, leaving it vulnerable to global oil price fluctuati.

Which energy sources are being proposed in RMI?

energy sources, including waste-to-energy (WTE). In addition to the existing solar installations, several solar projects have been proposed, including an 800-kW grid-connected system in Majuro, a 500-kW system at the Majuro airport, and two 200-kW installations on Ebeye.<sup>4</sup> Due to concerns about the fragility of RMI’s electric grid, MEC is evalua
