

# **New solar glass project in Amsterdam**

## Overview

---

When does solar solutions Amsterdam close?

Solar Solutions Amsterdam started March 19 and will close its doors today (March 21) late afternoon. (hcn - from Amsterdam) Tags Energy Storage Installer Netherlands glass-glass-module markets.

What's happening at solar solutions 2024 in Amsterdam?

These are just some of the key trends that have emerged at Solar Solutions 2024 in Amsterdam. Over 300 international exhibitors are presenting their products and solutions, primarily for residential and commercial applications, in the Greater Expo exhibition hall in Amsterdam until this afternoon.

Can the Netherlands be a leader in the European solar industry?

By taking concrete action now, the Netherlands can be at the forefront of the European solar industry, which will provide a crucial economic and strategic advantage on the long term. The province of Noord-Brabant is bringing back large-scale solar industry to the Netherlands. Goal: a 2 GW factory by 2027-2028 with new solar technologies.

Why are glass-glass modules becoming a standard in the private sector?

According to Michael Katz, Manager Regional Marketing and Communications at Trina Solar in Munich, one important reason why glass-glass modules are increasingly becoming the standard in the private sector is that, in addition to better durability and environmental performance, the solar glass is lighter.
