Is Norway a good place for solar energy?

Snow, cold and hardly any sun for four months of the year: at first glance, Norway might not seem like the ideal place for a prospering solar energy industry. Nevertheless, Norway is making great strides in developing the technology, materials and solutions needed to make use of the largest energy source in our solar system.

What makes Otovo Norway a leading solar company?

In particular, Otovo Norway, a leading Norwegian solar company, leverages Oslo's advanced supply chain networks to streamline its operations, ensuring timely delivery of solar panels to various markets.
