

Nordic container generator manufacturers

Overview

Who is Nordhavn power solutions?

Nordhavn Power Solutions is a leading supplier of products, concepts, and services for all types of power solutions, generator sets, and emergency power systems. Whether it involves large, complex total solutions or quick repairs of marine generator sets or emergency generators, we always deliver the best.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.

Which genset containers are available?

All genset containers are also available with an option for -40°C and most variants can be upgraded for $+45^{\circ}\text{C}$. A broad range of options, both mechanical and electrical, are available to ensure that our containers meet the project requirements. For example, we offer several heat recovery configurations and exhaust after treatment systems.

Why should you choose Nordhavn power solutions?

Whether it involves large, complex total solutions or quick repairs of marine generator sets or emergency generators, we always deliver the best. This is why Nordhavn Power Solutions is a strong and reliable partner. Products based on well-known brands (Scania, AGCO Power, Baudouin, FOGO, and Twin Disc) characterized by consistently high quality.
