

# **Power battery bms manufacturer in Gothenburg Sweden**

## Overview

---

Who makes batteries in Sweden?

Another major player in the Swedish battery industry is Saft, which produces high-performance batteries for industrial and military applications. Other notable battery companies in Sweden include Alelion Energy Systems, EST-Floattech, and Nilar.

Why is Sweden a leader in lithium-ion battery manufacturing?

In the ever-evolving landscape of sustainable energy, Sweden stands out as a beacon of innovation, particularly in the realm of battery manufacturing. With a commitment to environmental responsibility and cutting-edge technology, Sweden has emerged as a global leader in the production of advanced lithium-ion batteries.

How is Gothenburg shaping the new battery industry?

In Gothenburg we are shaping the new battery industry. In the coming years Gothenburg and West Sweden will have in place two battery gigafactories, with major investments being made by public and private actors, including Volvo Cars and the Volvo Group. The region is set to become an important hub for both battery development and production.

Who makes Volvo batteries?

Volvo Energy develops batteries for electric trucks, buses, and heavy equipment. It also offers a second-life battery service, where used batteries are converted for stationary energy storage. This ability is making them one of the top 10 battery manufacturers in Sweden.
