

Price quote for 20-foot solar-powered containers used in Australian ports

Overview

What is a solar powered shipping container?

At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects—all while reducing carbon footprint and cutting energy costs.

How much does a shipping container cost in Australia?

Hiring a shipping container is an affordable and flexible short-term storage solution, with rental prices starting at less than \$2.96 per day*. Are new shipping containers for sale in Australia?

Yes, Container Traders offers a range of new shipping containers in 10ft, 20ft, and 40ft sizes, available in most capital cities.
