How much does a cargo-worthy container cost?

Cargo-worthy containers give you an excellent middle-ground option. These containers show some wear but keep their structural integrity for international shipping. The price of cargo-worthy containers typically range from \$1,300 to \$6,000. They are a budget-friendly choice for many businesses.

Do used container prices overshoot new prices?

Interestingly, used container prices tend to be more volatile and overshoot new prices similar to other well known commodity pairs such as gold/silver. We foresee the market prices for used containers to continue to marginally rise. Savvy traders in the industry would serve themselves well to buy up all available inventory.
