

# The largest battery energy storage company in Northern Europe

## Overview

---

What is Europe's largest battery energy storage system?

While these projects boast massive planned capacities, the largest active BESS in Europe is now the first 400 MWh phase of ENGIE's 200 MW / 800 MWh system in Vilvoorde, Belgium, which has officially gone live. Sungrow and ENGIE bring Europe's largest battery energy storage system online in Belgium with the completion of its first 400 MWh phase.

Who are the leading battery project developers from Europe?

The following article presents three leading battery project developers from Europe. 1. Cero Generation (London, UK) Headquartered in London, UK, Cero Generation specializes in the development of advanced battery energy storage systems as well as solar energy projects. The company has a geographical focus on Europe, operating in eight countries.

Who makes the best battery energy storage system?

As the top battery energy storage system manufacturer, The company is renowned for its comprehensive energy solutions, supported by advanced industrial facilities in Shenzhen, Heyuan, and Hefei. Grevault, a subsidiary of Huntkey, is a leader in the battery energy storage sector.

Who makes battery energy storage systems?

Continental AG Continental AG, a renowned automotive supplier, has actively developed electric vehicle batteries and battery energy storage systems (BESS). It was founded in 1871 and is headquartered in Hanover, Germany.
