

# **The lightest portable power supply recommendation**

## Overview

---

What is the best portable power supply?

After carefully researching all of the different options on the market today, we have concluded that the SUAOKI Portable Power Station is by far the best portable power supply out there. It comes with a multitude of charging ports and options, which means that if you have a device that needs to be charged, this unit will have you covered.

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

What is the best portable power station?

A heavyweight beast of a power station, this unit boasts battery expansion, loads of ports, and the high battery capacity and output required to effectively run an RV, offer home back-up power supply, charge an EV, or help you live van life to the fullest. Read more below 4. Jackery Explorer 1000 V2 Best portable power station for on-site work.

How much power does a portable power station need?

For basic emergency use (lights, phone charging, small medical devices), a 300Wh to 500Wh station is sufficient. To run larger appliances like a fridge or microwave, go for 1000Wh or more. Can I use a portable power station while it's charging?

Yes.
