

# **Tunisia Independent Energy Storage Project**

## Overview

---

Why should Tunisia invest in tereg?

“ By fostering renewable energy development, TEREK will strengthen Tunisia’s position in clean energy, creating economic opportunities and ensuring long-term energy security,” said Alexandre Arrobbio, World Bank Country Manager for Tunisia. “ This project reflects our strong partnership with Tunisia and supports its sustainable development goals.

What are Tunisia's energy projects?

One third of the projects will be for wind farms and two thirds for solar photovoltaics. Tunisia’s national grid is connected to those of Algeria and Libya which together helped supply about 12% of Tunisia’s power consumption in the first half of 2023.

How will the World Bank support Tunisia?

New \$430 million World Bank-supported program to support Tunisia’s efforts to expand renewable energy, improve electricity reliability, and strengthen sector governance.

What is TuNur project?

TuNur is developing a series of renewable energy projects that will produce low-cost green electrons and molecules in Tunisia for export. Each export project consists of three components: 01. Generation 02. Transmission 03. Energy Sale TuNur Ltd©2025. All Rights Reserved. Powered by: web design.
