

# Uruguayan solar tile manufacturer

## Overview

---

What is a solar tile manufacturer?

As a solar tile manufacturer, we offer innovative solutions to meet your solar product needs. Our solar tiles integrate advanced solar cell technology and can be a direct replacement for traditional tiles as part of a building's roof, providing clean, renewable energy for your home.

What is solar tile?

Solar tile, which combines solar panels and roof tiles, integrates photovoltaic and architecture. Crystal silicon photovoltaic technology and building tile structure are innovated to eliminate the complex project of secondary installation and replace traditional cement tiles and clay tiles with one-time paving.

What are solar roof tiles?

Like solar panels, solar roof tiles are designed to capture the energy from the sun that is shining on your roof and turn that energy into a usable power source for your home.

What is a high-performance solar roof tile?

The feather-light, high-performance solar roof tile with its elegant design can be combined with numerous roof tiles from different manufacturers, allowing it to be laid in rows or offset. Energy that fits in the roof. Why mount solar modules on high-quality roof tiles when the solar cells can be integrated directly into the tile?
