

Victoria rooftop solar panel manufacturer

Overview

Who is the best solar company in Victoria?

Solar Panels Victoria -Smart House Solar is one of the best solar companies in Victoria with an aim to provide the best quality solar panels and inverters with quality installation and after sales services. Our constant efforts to become the best solar company in Victoria reflects in our solar products, solar installations and after sales services.

Why are there so many solar installers in Victoria?

With the great benefit of solar panel systems with the state government rebates, more and more of the homes in Victoria are opting for solar power. This has resulted in a steep increase in the demand of solar installers in Victoria. The concentration of solar systems is mainly seen along the coastal line of Victoria starting around Melbourne.

Is Victoria a good place to install solar panels?

Even with fewer sunny days than northern states, Victoria is a great place for solar with state government rebates complementing federal incentives for residential solar installations. With Victoria's Solar Homes Program providing some of the most generous rebates in Australia, installing solar panels is more affordable than ever.

What is Victoria's Solar Revolution?

Victoria's Solar Revolution refers to the installation of thousands of new solar panels, batteries, and hot water systems on houses across the state. This initiative aims to boost energy supply, create jobs, and slash power bills. Minister for Solar Homes Lily D'Ambrosio officially launched the Government's landmark Solar Homes program today.
