

# **Vietnam Folding Container Three-Phase Product Review**

## Overview

---

Which packaging products are made in Vietnam?

In this article, we will pick out and explain some most outstanding packaging products that Vietnamese manufacturers have expertise in. Carton boxes of all sizes can be manufactured in Vietnam, especially carton folding boxes used for the shipment of products.

Is packaging manufacturing a good investment in Vietnam?

The packaging manufacturing industry is one of the fastest-growing in Vietnam, averaging a growth rate of 15% to 20% yearly. Along with its free trade agreements, low labor costs, and large labor pool, the worth has been active for decades. This has allowed Vietnam to build up a highly capable supplier pool.

Are carton boxes made in Vietnam?

Carton boxes of all sizes can be manufactured in Vietnam, especially carton folding boxes used for the shipment of products. Currently, Vietnam exports packaging paper to 33 countries and 5 continents, of which Asia accounts for the largest proportion 98.9%, followed by Africa at 0.5%, Australia at 0.4%, and America and Europe at 0.2%.

What are the challenges of sourcing packaging in Vietnam?

There are also challenges of sourcing packaging in Vietnam to be considered. One of the most outspoken ones is the low diversity of product designs and the comparatively unmaturing supply chain. It's undeniable that Vietnamese suppliers have difficulties in competing with the Chinese on the range of product designs.
