

# **Which Portuguese telecommunications company has more base stations**

## Overview

---

Which network operators are the best in Portugal?

There are three network operators to choose from: MEO, Vodafone, and NOS. When it comes to subscribers, MEO leads the way with around 42% of the market share. Operated by the former state-controlled Altice Portugal, MEO has historically been dominant in the Portuguese market.

Which telecom company has the fastest speeds in Portugal?

NOS markets 93% 5G population coverage and the fastest speeds in Portugal. Vodafone differentiates in enterprise through international MPLS and private-network expertise. Digi Portugal's Nowo acquisition injects price pressure yet its Portugal telecom market share remains below 3% so far.

Which operators are closing the 5G gap in Portugal?

Operated by the former state-controlled Altice Portugal, MEO has historically been dominant in the Portuguese market. However, other operators, such as Vodafone (30%) and NOS (24%), are closing the gap. Good detail on 5G base station deployments. In Q4 the total 5G base station count of 5,842 increased 35%.

How many 5G stations are there in Portugal?

As of April 2023 their 5G network covered 88% of the population, with 3,441 base stations reinforcing its market leadership in the technology. Vodafone the second largest operator acquired Nowo which had been the fourth operator in Portugal, last year.
