

Wholesale replacing a breaker in America

Overview

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.

Is it worth replacing a circuit breaker?

If your breaker trips frequently, feels hot, or you notice a burning smell, turn off the power and call an electrician right away. These are signs that the cost of replacing a circuit breaker might be worth it to avoid bigger issues like fires or electrical damage.

How much does it cost to replace a breaker?

It depends on the type of breaker, labor costs, and even where you live. Here's what I found during my process: Standard 1-pole breaker (15-100 amps): Between \$100 and \$180 to replace. 2-pole breaker (50-200 amps): Between \$180 and \$260. Main breaker (controls the power to your entire home): \$200 to \$600.
